

eShipLab

Simplifying the hazmat shipping process

eShipLab is a customizable, step-by-step solution to help you properly prepare and ship hazardous materials and dangerous goods.

eShipLab Features:

- » Configurable workflow
- » Integrates with all of your systems: financial / authentication
- » Properly mark and label your packages
- » Print / save / forward shipment information to airline and shipping carrier
- » Eliminate wasted time and effort from faulty shipping documentation

eShipLab Features (Cont.):

- » Compliant with the most current dangerous goods regulations from the International Air Transport Association (IATA) and the Department of Transportation (DOT)
- » Consolidated invoicing
- » Auditing / reconciliation of invoices and cost allocation
- » Centralized management of inbound and outbound shipments
- » Web-based solution

Add-on with our:

Export Control Package:

- » Export shipping compliance with government regulations (ITAR, EAR, Etc.)

Inbound Package:

- » Provides you with more control over your supplier inbound shipping

Supply Chain Analysis:

- » Analysis of your shipping data to gain more insight into your supply chain operation
